Historically Underutilized Business (HUB) Subcontracting Plan

Information

In accordance with Texas Government Code (TGC) §2161.252 and Texas Administrative Code (TAC) 34 TAC§10.13, each state agency (including institutions of higher education) as defined by TGC §2151.002 that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract.

If subcontracting opportunities are probable, each state agency's invitation for bids or other purchase solicitation documents for construction, professional services, other services, and commodities with an expected value of \$100,000 or more shall state that probability and require a HUB Subcontracting Plan (HSP).

In accordance with Texas Government Code, §2161.181 and §2161.182, each state agency shall make a good faith effort to increase the contract awards for the purchase of goods or services to HUBs based on rules adopted by the Commission to implement the disparity study described by TGC §2161.002(c).

The purpose of the HUB Program is to promote equal business opportunities for economically disadvantaged persons (as defined by TGC §2161) to contract with the State of Texas in accordance with the following M. D. Anderson Fiscal Year 2009 goals: **22.4% for all building construction, including general contractors and operative builders contracts; 37.6% for all special trade construction contracts; 23.9% for professional services contracts; 21.9% for all other services contracts; and 7.6% for commodities contracts.**

HUB and NON-HUB Companies must respond.

IF YOUR RESPONSE TO THIS SOLICITATION DOES NOT CONTAIN A CORRECTLY COMPLETED HUB SUBCONTRACTING PLAN, YOUR RESPONSE SHALL BE REJECTED AS A MATERIAL FAILURE TO COMPLY WITH THE ADVERTISED SPECIFICATIONS.

INSTRUCTIONS

1. HUB Subcontracting Plan (HSP) Development and Good Faith Effort Requirements – All respondents (HUBs and non-HUBs) submitting bids, proposals, offers, or other applicable expressions of interest must follow, but are not limited to, the following procedures when developing a HUB Subcontracting Plan (HSP):

- a. The respondent shall divide the contract work into reasonable lots or portions to the extent consistent with prudent industry practices.
- b. The respondent shall use the Texas Procurement and Support Services' (TPASS) Centralized Master Bidders List (CMBL), the HUB Directory, and may use other Internet resources and directories as identified by The University of Texas M. D. Anderson Cancer Center to identify HUBs that perform the type of work required for each subcontracting opportunity identified in the contract specifications or any other subcontracting opportunity the respondent cannot complete with its own equipment, supplies, materials, and/or employees.

Note: The University of Texas M. D. Anderson Cancer Center does not endorse any company or individual identified on any listings/directories included or referenced herein. A complete list of all State of Texas certified HUBs may be accessed via the Internet at <http://www2.cpa.state.tx.us/cmb/cmbhub.html> or <http://www2.cpa.state.tx.us/cmb/hubonly.html>.

- c. The respondent shall provide notice to **three (3) or more HUBs** that perform the type of work required for **each** subcontracting opportunity identified in the contract specifications or any other subcontracting opportunity the respondent cannot complete with its own equipment, supplies, materials, and/or employees. In addition, the respondent shall provide notice of subcontracting opportunities to minority or women trade organizations or development centers to assist in identifying potential HUBs.

The preferable method of notification to HUBs and minority or women trade organizations or development centers shall be in writing and, as applicable, include: the scope of the work; information regarding the location to review plans and specifications; information about bonding and insurance requirements; information about required qualifications and specifications; and identify a contact person.

- d. Unless circumstances require a different time period that shall be specified by The University of Texas M. D. Anderson Cancer Center and documented in the agency's contract file, the respondent's subcontracting opportunity notice(s) must be provided to the potential HUB subcontractors, and minority or women trade organizations or development centers no less than five (5) working days prior to the submission of the respondent's bid, proposal, offer, or other applicable expression of interest to the contracting agency.
- e. On forms provided by The University of Texas M. D. Anderson Cancer Center prescribed by TBPC, the respondent shall document the HUBs they contacted regarding their subcontracting opportunities. The respondent should negotiate in good faith with qualified HUBs, not rejecting qualified HUBs who were the best value responsive bidder to their subcontracting opportunities.
- f. The respondent shall provide written justification of the selection process if a HUB subcontractor is **not** selected.
- g. Prior to contract award, the respondent shall provide The University of Texas M. D. Anderson Cancer Center with supporting documentation (phone logs, fax transmittals, electronic mail, etc.) to document their good faith effort in the development and submission of their HSP.

2. Alternatives to Good Faith Effort Requirements (*Applicable to Mentor Protégé Agreements and Professional Services Contracts Only*)

- a. A respondent's participation as a Mentor in a State of Texas Mentor Protégé Agreement and a commitment to use their Protégé (All Protégés must be State of Texas HUB certified) as a subcontractor to perform the subcontracting opportunity (ies) listed in its HSP (Texas Government Code, Chapter 2161.065) may constitute good faith effort without performing the procedures listed in **Item 1**. *For additional information, please contact Marian Nimon, HUB Program Associate Director at 713-745-8352 or at mnimon@mdanderson.org.*
- b. A respondent who submits an HSP for a professional services contract that meets or exceeds Annual Procurement Utilization goals for Historically Underutilized Businesses (HUBs) as defined in Texas Administrative Code, 34 TAC§20.13, will be determined to have met the good faith effort requirement. **(Applicable to Professional Services Contracts as defined by Texas Government Code 2254.004.)**

3. HUB Subcontracting Plan Reporting and Contract Compliance – The University of Texas M. D. Anderson Cancer Center will receive HUB credit for the total amount of expenditures made directly to prime contractors who are State of Texas HUB certified. In addition, if the prime contractor is not a HUB, agencies will receive HUB credit for the total amount of expenditures the prime contractor makes to HUB subcontractors, if applicable.

All prime contractors (HUBs and non-HUBs) are required to comply with the following reporting and contract compliance procedures:

- a. Prime contractors shall report to the contracting agency their use of HUB and non-HUB subcontractors to fulfill the subcontracting opportunities identified in their HSP (See Prime Contractor Progress Assessment Report at <http://www.window.state.tx.us/procurement/prog/hub/hub-forms/progressassessmentrpt.xls>).
- b. Prime contractors shall notify The University of Texas M. D. Anderson Cancer Center and obtain **prior** approval before any changes can be made to its HSP. The proposed changes must comply with the good faith effort requirements related to developing and submitting a HSP as described in Item 1, or if applicable, Item 2 above.
- c. The University of Texas M. D. Anderson Cancer Center will determine if the value of subcontracts to HUBs meet or exceed the HUB subcontracting provisions specified in the prime contractor's HSP. If the contracting agency determines that the prime contractor's subcontracting activity does not demonstrate a good faith effort, the prime contractor may be subjected to provisions in the Vendor Performance and Debarment Program (34 TAC § 20.106).

Dear _____:

In accordance with the requirements outlined in the specification section "HUB Participation Program," I am pleased to forward this HUB Subcontracting Plan (HSP) as an integral part of our response.

I have read and understand M. D. Anderson Cancer Center's Policy on Utilization of Historically Underutilized Businesses (HUBs). I also understand the State of Texas Annual Procurement Goals according to 34 Texas Administrative Code § 20.13.

I understand the requirement for reporting both HUB and non-HUB subcontractor names and payments on a monthly basis.

This HSP includes _____ subcontracting opportunities:

Subcontractors	# of Subcontractors	Total Subcontract \$ Value	Total Estimated %	% Min Owned	% Woman Owned

For each of the listed HUB firms, I have attached a TBPC Certification document, or, if the HUB is certified by another TBPC approved certifying agency, a copy of their approved certification document. In addition, I am attaching a 'Good Faith Information and Supporting Documentation Form' for each trade available for this procurement.

Should we discover additional subcontractors claiming Historically Underutilized Business status during the course of this contract we will notify you of the same. In addition, if for some reason a HUB is unable to fulfill its contract with us, we will notify you immediately in order to take the appropriate steps to amend this contractual obligation.

Sincerely,
