The University of Texas MD Anderson Cancer Center presents

Lymphoma/Myeloma Update for Patients: What’s New for 2016? In Houston

January 9, 2016
Omni Houston Westside
13210 Katy Freeway
Houston, Texas
The goal of this event is to answer patient’s questions about the newest research in lymphoma/myeloma. It offers strategies for dealing with issues faced by lymphoma/myeloma patients and caregivers. This event will increase awareness for lymphoma/myeloma and clinical trial opportunities available. By providing information about transplant therapy and treatment options for newly diagnosed or relapsed lymphoma/myeloma, we will build a bridge of knowledge, communication, and collaboration among researchers, healthcare professionals, patients, and caregivers.

This conference will be of interest to patients with lymphoma/myeloma, their caregivers, and family.

Learning Objectives
- Increase awareness of lymphoma/myeloma
- Provide better understanding of transplant therapy
- Provide information on new treatment options for newly diagnosed lymphoma/myeloma
- Provide information on new treatment options for relapsed lymphoma/myeloma and on clinical trial opportunities for patients
- Build a bridge of knowledge, communication, and collaboration among cancer stakeholders, including researchers, healthcare professionals, patients and caregivers
- Provide patients access to the experts with time to ask questions
