

Faculty Member	Highest Degree / Institution	Field of Study	Current Teaching Assignment	Date of Appointment	Contribution to Program	Future Teaching Assignment
Dianna Bolick	MA University of Iowa	Adult and Continuing Education	Clinical Radiation Oncology Oncologic Pathology Radiation Therapy Physics I & II Treatment Planning for Radiation Therapy Radiobiology Orientation to Radiation Therapy Quality management in Radiation Therapy	September 1998	Director Lecturer	Same
Jane Chapman	BS Louisiana Tech University	Mathematics	Introduction to Medical Dosimetry I & II Research Design & Projects I & II Medical Dosimetry Physics I&II Brachytherapy Clinical Education I,II,&III	March, 96	Lecturer Educational Coordinator	Same
Sandra Nava	AS University of Texas Medical Branch in Galveston	Radiation Therapy Technology	Anatomy for Radiation Oncology Aspects of Radiation Oncology	April, 92	Lecturer	Same

Primary Instructors	Highest Degree / Institution	Field of Study	Current Teaching Assignment	Date of Appointment	Contribution to Program	Future Teaching Assignment
John Michael Willford		Radiation Safety	Radiation Safety	August, 95	Lecturer	Same
Maurice E. Norton	University of Houston	Radiation Safety	Radiation Safety and Protection	August, 92	Lecturer	Same
William A. Brock	Yale University	Experimental Radiation Oncology	Radiobiology	August, 92	Lecturer	Same
Nora A. Janjan	University of Arizona College of Medicine	Radiation Oncologist & Associate Professor of Radiation Oncology	Bone Tumors	December, 94	Lecturer	Same
Chul Soo Ha	Harvard Medical School	Associate Professor of Radiation Oncology	Lymphoma	December, 96	Lecturer	Same
Charles A. Koller	Ohio State University	Associate Professor of Medicine	Leukemia	December, 96	Lecturer	Same
Moshe H. Maor	Institute of Oncology, Hadassah	Radiation Oncologist & Professor of	Central Nervous System	December, 96	Lecturer	Same

Primary Instructors	Highest Degree / Institution	Field of Study	Current Teaching Assignment	Date of Appointment	Contribution to Program	Future Teaching Assignment
	Hospital, The Hebrew University Hadassah Medical School	Radiation Oncology				
Adam Garden	UT M.D. Anderson Cancer Center SUNY Health Sciences Center	Associate Radiation Oncologist & Associate Professor of Radiation Oncology	Head and Neck – Nasopharynx, Salivary Glands and Hypopharynx	December, 96	Lecturer	Same
William A. Morrison	Johns Hopkins University Stanford University Medical Center	Assistant Radiation Oncologist & Associate Professor of Radiation Oncology	Head & Neck – Oropharynx, Oral Cavity, and Ocular	December, 92	Lecturer	Same
Ritsuko Komaki	Hiroshima University School of Medicine	Radiation Oncologist & Professor of Radiation Oncology	Respiratory – Lung Pleura and Trachea	December, 92	Lecturer	Same

Primary Instructors	Highest Degree / Institution	Field of Study	Current Teaching Assignment	Date of Appointment	Contribution to Program	Future Teaching Assignment
Mary S. Goswitz	The George Washington Univ. Hospital, Tulane Univ. School of Medicine	Assist. Radiation Oncologist & Assist. Prof. Of Radiation Oncology	Alimentary Tract and Digestive Glands	12/96 – 12.98	Lecturer	Same
Patricia J. Eifel	Stanford University Medical Center	Radiation Oncologist & Professor of Radiation Oncology	Gynecological Tumors	December, 92	Lecturer	Same
Marc E. Delclos	Baylor College of Medicine, UTMD Anderson Cancer Center	Assist. Radiation Oncologist & Assist. Prof. Of Radiation Oncology	Endobronchial	December, 96	Lecturer	Same
Charles T. Merrifield	UT M. D. Anderson Cancer Center	Radiation Therapist	Head & Neck Simulation	December. 96	Lecturer	Same
Anissa Evans	UT M.D. Anderson Cancer Center	Radiation Therapist	Stereotactics	September, 96	Lecturer	Same
Mark Petru	UT M. D. Anderson Cancer Center	Radiation Therapist	Breast Simulation	September, 96	Lecturer	Same
Andrea T. Francis	JD South Texas College of Law	Legal Services Officer	Legal and Ethical Issues in Cancer Care	September, 96	Lecturer	Same
Gunar Zagars	Univ. of Sydney School of Medicine	Professor of Radiation Oncology	Soft Tissue Sarcoma	September, 96	Lecturer	Same
Paula Berner	Texas A&M	Medical Dosimetrist	Brachytherapy & Dosimetry	September, 97	Lecturer	Same
Kenneth Hogstrom	Rice Univ./Univ. of	Physicist and Professor of	Role of the Medical	September, 96	Lecturer	Same

Primary Instructors	Highest Degree / Institution	Field of Study	Current Teaching Assignment	Date of Appointment	Contribution to Program	Future Teaching Assignment
	Houston	Radiation Physics	Physicist			
Rebecca L. Frame	University of Clear Lake-Houston	QA Dosimetrist I	Dosimetry/Breast	September, 96	Lecturer	Same
Craig Bryant	Lamar Univ.	Certified Medical Dosimetrist	Dosimetry/Lymphoma	September, 97	Lecturer	Same
Robert Gastorf	Univ. of Missouri	Senior Medical Physics	External Beam Dosimetry	September, 98	Lecturer	Same
William Hanson	Univ. of Tennessee	Physicist and Associate Professor of Radiation Physics	Introduction to Radiotherapy Physics Principles and Calibrations	January, 98	Lecturer	Same

Primary Instructors	Highest Degree / Institution	Field of Study	Current Teaching Assignment	Date of Appointment	Contribution to Program	Future Teaching Assignment
Ann Lawyer	University of Georgia	Medical Physics	Interstitial	January, 98	Lecturer	Same
Robert Sollars	Sauk Valley	Chief Medical Dosimetrist	Role of the Dosimetrist and 3D Dosimetry	January, 98	Lecturer	Same
Tim Waldron, MS	UT Health Science Center at Houston	Physicist	Treatment Machines	January, 98	Lecturer	Same
Luis Delclos	Universidad de Barcelona	Prof. Emeritus Radiation Oncology	Gynecology Cancers	December, 92	Lecturer	Same
Thomas A. Buchholz	Tufts University School of Medicine	Assistant Prof. of Radiation Oncology	Breast Cancers	March, 98	Lecturer	Same
Alan Pollack	Jackson Memorial Hospital and UT M. D. Anderson Cancer Center	Assoc. Prof., Assoc. Radiation Oncologist, Director, Residency Training Program	Genitourinary Cancers	December, 92	Lecturer	Same
Eric A. Strom	Northwestern Univ. Medical School, UT M. D. Anderson Cancer	Assistant Radiation Oncologist and Assistant Professor Radiation Oncology	Breast Cancers	December, 92	Lecturer	Same
