## Literature Search Basics Class

<https://mdanderson.libcal.com/event/6961869>

September 3<sup>rd</sup>; 9:00am

Thinking about starting a literature search? This introductory class provides a broad overview of how to do an effective literature search and briefly describes the steps in the process. We'll discuss how to formulate a searchable question; select resources to search; create a search strategy; use additional search techniques.

# New CV

## New CV Coming September 2021

- Find the new CV: <https://aat.mdanderson.edu/cv-faq/>
- Send comments on the new CV here (Academic Intelligence Unit):  
[aiu@mdanderson.org](mailto:aiu@mdanderson.org)

## **What about FIS (Faculty Information System)?**

- FIS is expected to retire on September 1, 2021.
- Data from FIS will be transferred to the new system.
- Publications will be automatically pulled into the new system.

# Pure for Faculty Publications

## What is Pure?

- Pure is a public faculty profiling system:  
<https://mdanderson.elsevierpure.com/>
- Pure automatically pulls in publications into the faculty profile. *Note: It may take a few weeks from the publication date for the pub to appear in Pure.*
- Only currently active, full-time faculty members are profiled in Pure.

The screenshot displays the MD Anderson Cancer Center Pure faculty profile for Peter W. Pisters. The header includes the MD Anderson Cancer Center logo and navigation links: Home, Profiles, Research Units, Equipment, Research Output, Activities, and Prizes. A search bar is located in the top right corner.

The profile section for Peter W. Pisters, Professor at The University of Texas MD Anderson Cancer Center, Surgical Oncology, includes a portrait photo, his email (ppisters@mdanderson.org), and his address (1515 Holcombe Blvd, 77030, Houston, United States). It also shows his Scopus profile link and a bar chart of his research output per year from 1990 to 2019.

Key statistics displayed are 27006 Citations and an h-index of 87. Below this, a tabbed interface shows 'Research Output' (296 results) and 'Similar Profiles' (10).

The 'Research Output' section lists two publications:

- Comparative Age-Based Prospective Multi-Institutional Observations of 12,367 Patients Enrolled to the American College of Surgeons Oncology Group (ACOSOG) Z901101 Trials (Alliance)**  
Al-Bufai, W. B., Dechler, P. A., Ballman, K. V., Pisters, P. W. T., Posner, M. C., Hunt, K. K., Meyers, B., Weinberg, A. D., Nelson, H., Newman, L., Tan, A., Le-Rademacher, J. G., Hurria, A., & Jatoi, A., Dec 1 2019, In: *Annals of surgical oncology*. 26, 13, p. 4213-4221 9 p.  
Research output: Contribution to journal's Article  
Tags: Surgeons, Odds Ratio, Confidence Intervals, Gastrointestinal Neoplasms, Neoplasms
- Disease-free Survival and Local Recurrence for Laparoscopic Resection Compared With Open Resection of Stage II to III Rectal Cancer: Follow-up Results of the ACOSOG Z6051 Randomized Controlled Trial**  
Fleshman, J., Branda, M. E., Sargent, D. J., Boller, A. M., George, V. V., Abbas, M. A., Peters, W. R., Maun, D. C., Chang, G. J., Herline, A., Fichera, A., Mutch, M. G., Wazner, S. D., Whiteford, M. H., Marks, J., Birnbaum, E., Margolin, D. A., Larson, D. W., Marcello, P. W., Posner, M. C., & S others., Apr 1 2019, In: *Annals of surgery*. 209, 4, p. 589-595 7 p.  
Research output: Contribution to journal's Article  
Tags: Rectal Neoplasms, Disease-Free Survival, Randomized Controlled Trials, Recurrence, Confidence Intervals

On the right side of the publication list, there is a circular badge indicating 57 Scopus citations.

## What is included in Pure?

- Faculty photo
- “Research Output” – list of publications;  
*Note: Most conference proceedings, abstracts, book chapters, and books will not be added automatically.*
- Citation count
- H-Index
- Altmetric scores for each publication
- Link to the full-text publication

The screenshot displays the Pure profile for Peter W. Pisters, a Professor at The University of Texas MD Anderson Cancer Center, Surgical Oncology. The profile includes a faculty photo, contact information (Email: ppisters@mdanderson.org, 1515 Holcombe Blvd, 77030, Houston, United States), and a list of research outputs. Key metrics shown are 27,006 Citations, an H-index of 87, and 221 Articles. The 'Research Output' section lists two publications from 2019, each with its own set of altmetric scores (Surgeons, Odds Ratio, Confidence Intervals, Gastrointestinal Neoplasms, Neoplasms). The first publication, 'Comparative Age-Based Prospective Multi-Institutional Observations of 12,367 Patients Enrolled to the American College of Surgeons Oncology Group (ACOSOG) Z901101 Trials (Alliance)', has 1 citation. The second publication, 'Disease-free Survival and Local Recurrence for Laparoscopic Resection Compared With Open Resection of Stage II to III Rectal Cancer: Follow-up Results of the ACOSOG Z6051 Randomized Controlled Trial', has 57 Scopus citations and 103 citations in total.

## Where do the publications come from?

- Publications come directly from Scopus, a bibliographic database like PubMed. Anyone who has published in a medical or scientific journal automatically has a profile.
- Go to [www.scopus.com](http://www.scopus.com)
- Select “Authors” and enter the author last name and first initial and “Search”

## Author Profiles in Scopus

- Authors may have more than one profile in Scopus. If so, contact the library and we can help to reconcile these profiles. RML-Help@mdanderson.org
- Click on the name for the author profile you wish to view.

The screenshot shows the Scopus search results for the author name "Pisters". The page displays 4 author results. A red arrow points to the first author, "Pisters, Peter W.T.", indicating the profile to be viewed.

## What is included in a Scopus profile?

- Name
- Affiliation
- ORCiD (This has to be connected.  
Ask the library for help.)
- List of publications (documents)
- Citation count
- H-Index
- Citation Trends
- Co-authors list
- Links to the full-text publication

## Edit a Scopus profile or ask the library for help

- You can request corrections for an author profile to correct an authors name, merge two or more profiles, update an affiliation, add or remove a publication.
- *Note: publications take time to load into Scopus. Do not expect something you publish today to show up immediately. It can take a few weeks.*

# What's Next for Tool Time

## Tool Time Changes

- Moving to every other week. Find updates and topics on the library calendar: <https://mdanderson.libcal.com/>
- Join our Team
  - Go to <https://teams.microsoft.com>
  - Choose “Join or create team”. “Join a team with a code”, and enter this code: w77n8zz
  - You can add comments or questions. We won’t be monitoring this every day but it’s a way to share information and crowdsource answers.

# Thanks!

## Any **questions** ?

Ask the Research Medical Library

- RML-Help@mdanderson.org
- [www.mdanderson.org/library/](http://www.mdanderson.org/library/)
- Register for future Tool Time Tuesdays:  
<https://mdanderson.libcal.com/event/6632717>
